The Dead Man Shabbir Awake On Mission To Kill Last Of Torah

There was a young man who only prayed and he didnt knew about worlds of god or about genies and he prayed for many religions by believing there is god in every religion and every religion cannot be wrong because they live in the worlds of god.

The young man was kept with muslim genies inside him by some shia imam who saw him on religious place to control him and live according to him but the young man believed in god and didnt believed in anyone and sometimes nobody could have control him and when nobody could control him he was

praying to unseen god from his mind and heart and he was loving god truly.

The young man started liking to go to grave yards of muslims and he didnt know why he wanted to go maybe he wanted to remove his fear from dead ones and he was feared to even touch dead ones because he was told by his human parents that when a person dies then diseases comes in the body and he was also worried that how bad the body becomes without person taking oxygen. The young man was different from everyone but he was very beautiful and maybe beautiful now. The young man visited mir momin deira grave yard and his mind was not in control as what he was thinking and what he was saying from mind was controlled by genies of shia imam who kept genies inside him. Because shia imam came to know the young man will be

becoming one god of time so he kept genies inside him to make the world bad and destroy through him. Young man might have said in the mir momin deira grave yard from mind somebody will awake for me or awake now or something without having consciousness in mind means just thinking after coming to know something in mind where thinking is just imagination and not true as the young man didnt said from mind without having control and knowing he is replying to anyone from mind it was fake voice from mind. But the worlds of god believed since the beginning of planet that voice from mind whatever is said is true which is wrong because every human must have control and consciousness when they say anything to others from mind otherwise without having control and without having consciousness from mind while saying

to whom, the humans just dreams and imagines where they say anything from mind which is not true and human thinks good and human thinks bad so there voice from mind is also not true sometimes but worlds of god believes that every voice of mind is true.

So shabbir from mir momin deira graveyard he heard the voice and awaked but the reality was the shabbir was awaked by shia genies of sartaukh ka alawa to save his family and kill the young man and whenever anything happened to sartaukh ka alawa which was religious place of shias then shia genies was contacting shabbir dead man asking what you are doing why you are not killing the young man and shabbir even got punishment from sartaukh ka alawa shia genies if the shia genies of sartaukh ka alawa lost from shia genies. Shabbir dead man was awaken by

saber ali zawa brother who lives in sartaukh ka alawa whose name was also zawa.

After shabbir dead man came into reality he started spreading riots and terrorism and controlled the young man from worlds of god through forcing shia genies to suck young man private part and control shia genies and muslim genies to do porn with the young man so the young man is in control of him and he can simply say when young man likes or love shias or shias imams by saying young man is ours and try to finish him.

Young man was controlled by shia genies and imam hussain and prophet mohammed genies to piss on sartaukh ka alawa. Prophet mohammed genies gave fate to young man to piss on sartaukh ka alawa and the fate was kept in right side of his stomach and imam

hussain controlled the young man to piss on sartaukh ka alawa alam so islam is saved and allah doesnt dies because they wanted to case on young man after knowing young man gets genies of torah and he doesnt believes in allah and allah has become wrong and they wanted to put the young man in case forever so he doesnt wins from shia imams and islam and allah so whenever anyone remembers young man piss on sartaukh ka alawa the young man gets death punishment from worlds of god or the young man mind is kept in prison by islam genies.

Shabbir dead man raped how many genies young man didnt knew but one day young man saw his wife was forced to come in front of shabbir as shabbir was giving pain and trouble to young man who was living in young man body who promised he will not leave

young man body until he kills young man and maybe young man human family. One of young man wife of torah came and said to shabbir whatever you say we will do it just dont trouble our husband and shabbir said you have to be half naked in front of me and i will draw painting of you and your half body and young man saw it and he controlled himself.

Earlier when young man was in gulf then shabbir forced sunni girl genies who might have liked or loved young man to come and suck his balls by saying its punishment of young man because shabbir mission was to kill young man and anyone who tries to save young man or love young man or if young man loves anyone then shabbir use to make them bad and kill them so he gets success in his mission.

Shabbir lied and fooled young man human family who were living with him and he came into reality and was living as a neighbour and young man human father was fooled by shabbir because shabbir use to say i am your servant and servant of imam ali to convince and control young man human father and prove he is true and he makes young man alive when young man dies.

Shabbir even brought all shia genies who were against young man in reality as his family like he brought an evil kid who was from maula ali ka pahad religious place to kill young man and even he wanted to rape anyone who loves young man. As an example if even young man wanted to have sex with girl animal or bird and loves them then shabbir and shia genies and shia imams and allah was loosing from them so to win from young man they wanted

to do sex with anyone who loves them or whom young man loves.

Islam genies awake more then 10.000 dead ones who were muslims which young man came to know but he didnt tell to anyone and they were believing in young man only to kill young man so they come to know everything about young man what he does and how he wins. Some genies believes its not true but young man practically had experience of truth.

Shabbir dead one and his some fake family of dead ones was living in the first floor of young man home and young man use to see them and they were putting young man not go out of home and keep in home to kill young man and his genies and torah family and jewish family and finish judaism by saying young man did sins and he must be punished.

These shia genies and muslims genies knew there allah is dying whenever young man loves any girl or anyone from his heart because there power was becoming weak and when they become weak they lost control and if they hate anything they do what they hate and that is what allah is which young man understood that if genies hate anything then those things are seen to them which they hate or fear and allah feared of having shit in his mouth and all shia genies and muslim genies who controlled young man to do piss and put some shit in sartaukh ka alawa religious place alam so the young man dies after having cases on him and nobody can solve his cases and he dies like he was given 7 and half years of masterbation to do daily 2 to 3 times often in a week by shias imam mahdi so allah doesnt dies as allah was loosing from the young man

was kid and believing in unseen god and all shia genies and muslim genies and allah command was not working from command of kid who was young man.

These shia dead ones and shia genies and islam genies and allah always tries to win from anybody else by putting genies inside humans first and then creating memory of humans which is not true and force humans to remember that they sin and did mistake and the humans doesnt knows about knowledge of worlds of god or dont know about genies and they confirm they have sinned only or they did mistake and these genies says they have won and they are true. These genies wins from other genies of other religions or anyone by remembering them memories of what humans or anyone has done to win from them and when any genies comes to know a memory

they are forced to get punishment because genies act on memories of any truth and if they lost from any truth then they have to listen to anyone who wins from them. The worlds of god continues from memories of any truth where if any memory of truth is told then genies lost and if genies had consciousness and understanding like humans then they would have investigate what is truth because genies cheats and knows how they can control humans and win from them by fooling genies. An example of genies winning from humans is forcing human head or human mind to show a vision and fear or scare and if a human fears or lost control from mind then those genies win from genies of human who lives in body of human and genies proofs to other genies they are true.

This is totally game of knowledge of worlds of god who knows what are worlds of god about.

Shabbir says i will not leave young man until he dies and he even told to others by proving he sold himself and his all property is finished because of young man. But genies in the worlds of god doesnt knows that shabbir is dead one become alive from mir momin deira by believing in young man only to kill him and win from everyone through fooling them through discussion and proving he is true by controlling young man to remember memory so he becomes true and when he becomes true he changes time again to finish young man and young man genies.

The worlds of god were fooled by shabbir dead one and some shia genies are proof that shabbir dead one was awaked from mir

**momin deira as young man saw a shia genie or
shia imam ali zair with few shia genie went in
mir momin deira searching for shabbir dead
one grave and put pomegranate in shabbir
dead one grave so shabbir gets peace of mind
and becomes of purity and kill young man fast
because shia genies and shia imams and
prophet mohammed and allah wanted to kill
young man.**

**Shabbir dead one grave is in mir momin deira
now also and his mission is to kill young man
and young man genies who are torah family
and and finish jewish religion and whoever
who tries to save or love or true love young
man.**
